## A World That *Calls* to You

The modern luxury traveler is seeking something deeper—authentic connection to place, people, and culture. Beckons answers that call.

Uniting the acclaimed portfolios of Baillie Lodges and Tierra Hotels, Beckons represents a new standard in experiential travel. Our global collection of stays is purpose-built for immersion, offering guests privileged access to the world's most extraordinary destinations through the eyes of those who know them best.

What began as a collection of exceptional lodges has evolved into something greater: a curator of meaningful travel experiences for guests who seek both luxury and authenticity.

Join us. The journey begins March 2026.

## The Texture of Our Journeys

A Beckons stay moves with where you are. It's felt in the people who host you, the places they reveal, and the way each day unfolds—sometimes outward, sometimes inward. One moment might take you hiking across headlands, sailing through reef shallows, or listening as a guide shares the story behind a stretch of land. The next might invite stillness: slow rituals, a long lunch, or a rainforest massage as the Mossman River flows nearby.

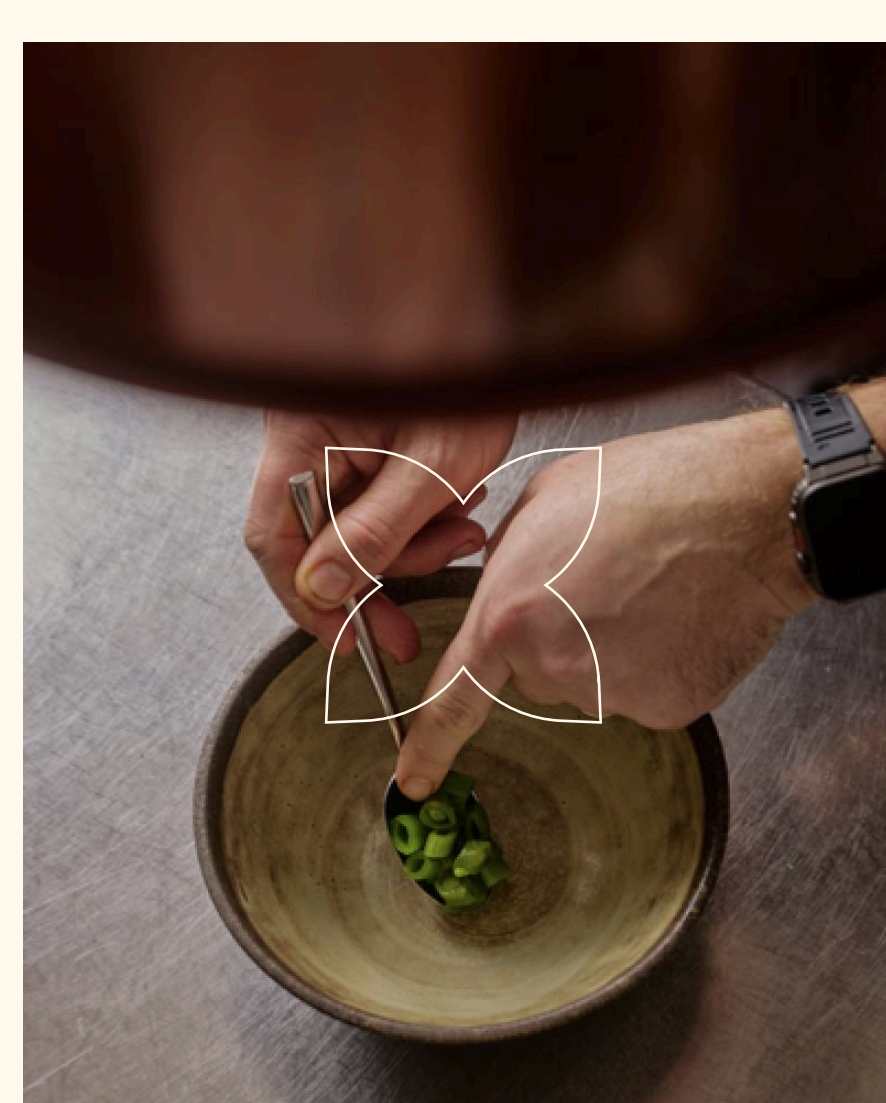

#### PLACES WORTH REACHING

We choose our locations for what they open up—for their natural beauty, cultural depth and the way they shift your perspective.

#### BUILT FOR WHERE WE ARE

Design is shaped by landscape, not layered over it. Architecture, interiors and spatial rhythms are developed in response to place at every level.

#### INTENTIONALLY LOCAL

We collaborate with people who know a place intimately—artists, producers, guides—so that what's shared feels real, rather than performed.
